

Got the tools & time? We're looking for a few handy superheroes to join our righteous repair quest.

Repair Café West Shore is a community initiative that promotes repair as an alternative to tossing things out.

We are host Repair Cafés twice a year and our next events will take place on **Saturdays, February 27 and September 25, 2027 at Langford's Gordon United Church**. The success of our Repair Café has enabled us to put down some roots in Langford and we're grateful to the fine folks at Gordon United for their generous hospitality. We would love you to be part of our next repair event!

Repair Cafés are all about learning new skills, saving money, and helping to minimize waste while building community! Residents can bring their broken items to fix them on the spot with the help of voluntary repairers. **Repair Café West Shore** could always use more handy volunteers and we're looking for local residents with different skills who can serve as repair experts during our Repair Café meetings. We are especially looking for people who enjoy sharing their knowledge with members of the public and are handy with:

- small appliances
- wood & metal items
- clothing & textiles
- garden & hand tools
- bicycles
- broken toys
- dull knives/blades
- small power tools
- computerized stuff
- jewellery

We are also looking for folks who would enjoy helping to host the meetings, by welcoming visitors and serving as a contact point for both the visitors and repairers attending the Repair Café event.

Want to volunteer to join our local quest? Please email connect@reimagineus.ca (please be sure to include your phone number, too!). Thank you and we hope to see you soon at the Repair Café!
